## Product Labeling

Do all hearing aid-compatible handsets include labeling? No

Explain: Handsets are refurbished and do not come packaged in original boxes or include original manuals, but information can be found via the manufacturers website.

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

N/A

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

## Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

No

Website address:

Explain: Handsets are refurbished and vary based on the availability from our distributors at the time of purchase. Due to this variance, our website does not list specific handsets models.

## Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Our handsets are either given out at live events at which customers have the opportunity to speak to reps regarding handsets or emailed to the customer. Customers can contact our customer service line with any additional questions or concerns.

## Methodology for Functionality Levels

For purposes of this document, functionality is described as the following: Good, Better or Best. Good is defined as handsets with basic voice and text features. Better is defined as handsets with additional features such as a camera, Bluetooth, and or QWERTY keypads. Best is defined as handsets that the industry categorizes as smartphones that may have features such as touchscreen, high speed data capability such as 4-G or EVDO or Wi-Fi etc.
